January 2020

Dear Parents

**YEAR 2 VISIT TO THE SCIENCE MUSEUM Thursday 12<sup>th</sup> March 2020**

I am very excited to inform you of our spring term trip to the Science Museum in London. This visit will coincide with our history topic about space exploration and discovery. The children will be fully immersed with two activities during the excursion. The first, Destination Space, is an interactive show that gives the children the chance to experience different aspects of living and working in space. When a problem hits the Station they'll need to observe, describe, test and select materials and equipment to build a space suit.

Then they will experience the Pattern Pod which ignites curiosity in science through interactive experiences where they can recognise and copy patterns or even make up their own!

We have booked a coach that will leave school promptly at 9:30am and we will return for 3:15pm traffic dependent.

We have been very lucky that the PTA have heavily subsidised the trip, which means we are able to offer the excursion at £10.00.

Each child will need to bring water and a packed lunch in a small rucksack as we are trying to reduce waste. The children will need to wear their school uniform.

Yours sincerely

Miss Wenham
